LibGen is a unique concept  
in the category of eBooks,  
as this Russia based website  
is actually a search engine  
that helps you download  
books and articles related  
to science. It allows you to  
download paywalled content  
for free including PDF  
downloads for the stuff on  
Elsevier's Science Direct  
website. Even though the  
site continues to face legal  
issues due to the pirated  
access provided to books and  
articles, the site is still  
functional through various
