Formats and Editions of Perspectives on International ...

Chapter 1 Students and observers of international affairs use perspectives, levels of analysis, and causal arrows to describe and explain what is seen happening in international affairs. Perspectives, levels of analysis, and causal arrows help us select which facts – out of an overwhelming number of possibilities – we think are important, and they help us order those facts differently to ...

Perspectives on International Relations | SAGE Companion

International relations theory is the study of international relations (IR) from a theoretical perspective. It attempts to provide a conceptual framework upon which international relations can be analyzed. Ole Holsti describes international relations theories as acting like pairs of coloured lenses that allow the wearer to see only salient events relevant to the theory; e.g., an adherent ...
