Think For Myself At School: Holistic Thinking Kids ...

The term "holistic thinking" refers to a big picture mentality in which a person recognizes the interconnectedness of various elements that form larger systems, patterns and objects. Thinking holistically is the opposite of analyzing something, which involves breaking down a larger system into its details.

Think For Myself At School Hits #1! – Holistic Thinking
As you may have already concluded, thinking for yourself is not easy. It requires deliberate, mindful and at times courageous application, however, the personal rewards are endlessly gratifying. In the words of John Stuart Mill: "Truth gains more even by the errors of one who, with due study and preparation, thinks for himself, than by the true opinions of those who only hold them because they ...

Podcast - Just Thinking For Myself

introduction to holistic thinking Welcome to the course “ Think Holistic - Capture information, visualize systems and transform your thinking with diagrams ” . The meaning of holistic is ‘ whole ’ , which means that whenever we look at some event, mechanism, or framework, we should not only look at it as an independent entity, but also as a part of something bigger, maybe a system or an entity.

A holistic approach to thinking and planning

Holistic has many definitions -- some call it woo-woo, others spiritual, others educated. I like to think of a holistic life as a wise life; you live a life that you know will be better by looking at the big picture, living life as wholly and being aware of the impact of your action.

Think for Myself at School: Holistic Thinking Kids By ...

Thinking and planning sessions should promote thinking by using synthesis, thus serendipitously encouraging holistic thinking and planning. Leaders should confront planners and challenge them to rise above analysis and reductionism, think at high levels, and search for combinations, relevancy, and meaning.
